

Appendix A

Number of newly diagnosed cancers registered among children under 15 years of age and resident in England, 2001 to 2015, grouped according to 'International Classification of Childhood Cancer, Third Edition' (ICCC-3)

Source: National Cancer Registration and Analysis Service, Public Health England, CAS accessed December 2017

% DCO = percentage registered from death certificate only

% MV = percentage with microscopic verification

ASR = Age standardised rate (World standard population)
